

The Dept. of Education has authorized the Intermediate Unit I to be the loan officers and holders of the equipment, specifically the computers used at MMCS for the school year 2022-2023, purchased through the State EANS money. The loaning of textbooks, instructional materials, and equipment by the Secretary of Education to Pennsylvania is for children enrolled in preschool through grade 12 in nonpublic and private schools. The school has been awarded money through the EANS funds to purchase a laptop for every student in grades 2-8th. We have laptops available for K-1st through another grant and state money from the prior year.

It is required, however, that a parent/guardian of each child attending the nonpublic or private school, understand that the school does not out-right own the equipment. Therefore, each parent must sign the attached to permit their student to use the equipment and be willing to replace the equipment if it is deemed to be used inappropriately and is broken.

The school will maintain the care and regular maintenance on the equipment. Computers of students in K-5th will not be permitted to leave the building unless authorized by the administrator. Students in 6-8th will be permitted to take the computer home as deemed - appropriate by the classroom teacher, only if they have an appropriate carrying bag. **THE COMPUTERS ARE NOT THE PROPERTY OF THE STUDENT** and no school money was used to purchase the equipment.

Thank you for your continued assistance and cooperation.

Very truly yours,
Renee DuBois, Principal

**CERTIFICATE OF INDIVIDUAL REQUEST FOR LOAN OF EQUIPMENT,
specifically laptop computers.**

I understand and accept the responsibility of my student/s use of a laptop purchased by the Intermediate Unit 1 with Mt. Moriah Christian School EANS funding. I agree that the computer will be replaced at my expense (\$219.00, current value) should my child damage the computer beyond repair. I also understand and agree that this is a tool that will be used in school only unless deemed appropriate by the administrator.
